STADIUM ADVERTISING OPPORTUNITIES

Season 2023/24

Our advertising boards are a highly visual way to promote your business and show support for The Port.

Offering brand awareness on a local and national basis and the opportunity to reach thousands of fans and potential customers each year. The boards can also feature in media photos and promotional material throughout the season.

As well as hosting Southport's home games, we also host Everton FC's Under-21 home games extending your advertising reach to the thousands of EFC fans that follow those games via online streaming.

We have a number of static advertising positions around the stadium, including pitchside boards, upper-level terrace boards and crowd-facing boards.
